SUBJECT: STOCK RETURN POLICY – NON-PHARMA RANGES/PHARMA RANGES

Dear Valued Customer,

We would like to kindly inform you that, owing to **strict PPB compliance requirements**, we are unable to accept the return of stocks once supplied, **except in cases where the products are confirmed to be defective or have a genuine quality-related issue**.

Before supplying any products, we provide a **quotation together with the relevant product specifications**. We therefore kindly request all our customers to carefully review and confirm the following before accepting the quotation:

- Product specifications and description
- Pack size and quantity
- Price
- Any other relevant product requirements

Once the quotation has been accepted and confirmed, we proceed with the supply accordingly. This will help us avoid unnecessary **transportation costs, handling expenses, and losses for both parties**.

We sincerely request your cooperation and compliance with this policy so that we can continue working together smoothly and support each other in growing our respective businesses. As you are aware, **Nescopharm Africa Limited is committed to supplying good-quality ranges**, and your continued repeat orders are a valued acknowledgement of the quality and service we provide. We greatly appreciate your continued support and cooperation. Let us continue to work together in a spirit of partnership, **supporting each other and growing our businesses together**.

Thank you for your understanding and continued support.

Yours Truly,
Managing Director
Nescopharm Africa Limited
